

QCU101.48 - Visibility options

Visibility options control what users of *SEQTA Learn* and *SEQTA Engage* can see. Visibility options can be set for a programme, elements of a programme and elements of a lesson.

Programme

Users can select to hide a programme from *SEQTA Learn* and *SEQTA Engage* entirely. Hiding a programme means that it won't show on the **Courses** page or on the **Assessments** page, under the **Upcoming assessments** section. However, the class will still show on the timetable.

Programme elements that can be made visible

- Cover page, e.g. Only the Cover page.
- Past lessons and cover page, e.g. lessons up to and including today.
- All lessons and cover page, e.g. all lesson in the programme including future lessons.

Programme elements that are never visible

- Outline, however, it may be used on academic reports if needed.
- Unit plans

Lesson

If a programme is visible in *SEQTA Learn* and *SEQTA Engage* the following settings apply to lessons contained in the programme.

Lesson elements that are always visible

- Homework added from the **Planner** sub-page, the **Online lesson editor** sub-page or **My day**

Lesson elements that are never visible

- Essential learning

Lesson elements that can be made visible

- Lesson outlines, created through the **Planner** sub-page or **My day**.
- Resources, added through the **Planner** sub-page or **My day**.
- Online lessons, created through the **Online lesson editor** sub-page.
